Analysis of Village Hall Questionnaire November 2014

We received	86	replies
which is	10%	of all households surveyed
or	12%	of permanently occupied houses.
	13	responses did not wish to enter the free draw.
Households responding represented	192	individuals
which is	14%	of the population.
Pie chart shows current usage:		
		
	66%	of respondents use the village hall at least once a month
	30%	use it weekly
Only	2%	of respondents never use the hall.

The most significantly used current activities are:		
Village Hall coffee mornings	63%	of respondents
Double Act audience members	34%	of respondents
Antique fairs	33%	of respondents
Artsreach events	32%	of respondents
Private parties etc	30%	of respondents
Aquarius	21%	of respondents
With regard to aspects of the Village Hall that discourage more frequent use, 49% of response forms included a valid comment.		
By far the most common reason expressed was the internal appearance; 57% of comments mentioned this, often as the only reason.		
Expressions used included:		
		"drab, uninspiring, uninviting space"
		"interior lacks any aesthetic appeal"
		"needs upgrading to be more welcoming and less utilitarian"
		"shabby inside, exposed ducting, like a warehouse"
		"too dreary for a party"
Other common reasons:		
	30%	of comments referred to the toilets - "horrible", "tired", "dank", "inadequate"
	22%	of comments referred to the size - need for smaller room
	14%	of comments referred to the kitchen - sometimes cooker mentioned specifically
	12%	of comments referred to parking - more spaces wanted
	8%	of comments referred to the cost - 3 people felt charges for private hire were off-putting
	5%	of comments referred to activities offered - more variety is wanted
Other reasons included lack of sprung floor, coat hanging space, no stage, no wifi, unlit carpark, unsuitable for badminton and the fact that lighting is either on or off and cannot be dimmed, poor heating, heavy tables.		

The vast majority of responses received found at least one "potential activity" of interest.
